Specifications

Receiver(dongle): Nano style

Connection port : With USB2.0 above

Transmission mode: GFSK 2.4GHz wireless, up to 10 meters

Transmission Power: Less than +4db

Power supply: Rechargeable polymer Lithium-ion battery

Charging voltage: 4.4V ~ 5.25V

Charging current: 300mA

Sleeping current class1: 30uA

Operation voltage: 3.7V

Operating current: <15mA

Product weight: 108.6g

Product size: 200*58*19mm

Installation

- Open the gift box and pick up the USB receiver from back cover of the keyboard.
- Insert the USB Receiver into an available USB port.
- Turn on the keyboard.

The keyboard will be found automatically. No further actions

are required – you are now ready to use your keyboard!

Note: USB cable can only be used for battery charging.

Using the Touchpad

The touchpad is activated together with the keyboard. When the keyboard is on, the keyboard is ready for use.

You will enjoy more convenience and control on-screen menu easier.

Audio Feature (Optional)

Audio configuration is available for this device, including MIC, Headphone port, etc. Particularly, users can switch the voice broadcasting mode between terminal and keyboard by Audio Switch. Under some systems, the audio feature requires manual configuration.

Auto Sleep and Wake-up feature

The keyboard supports auto sleep and wake-up. Without operation around 3 minutes, the keyboard will enter sleep mode. In sleep status, all LED indicators are off. Pressing any key can wake it up.

Switching off the keyboard after use

After use, push the switch to the “OFF” position to turn it off. The USB receiver does not need to be pulled out from the terminal. You can use it next time directly.

Charging the battery

The device uses built-in lithium-ion battery. Please use only approved data cables and chargers.

Note: Fully charge the unit before initial operation. This device can be used when charging, but charging time will be extended.

When the battery is low, the low-voltage light will blink to warn the user. The unit will be automatically turned off if the battery has been depleted.

Warning

- When charging finishes, pull out the charging cable.
- Never try to open or repair this product yourself.
- Keep this device away from fluids, such as water.

Maintenance

- Do not attempt to disassemble the device or replace the rechargeable battery. Doing so will void the warranty.
- The battery will discharge when it is stored for a long time without operation.
- Use the specified charger. Disconnect the device when the battery is fully charged.

Overcharging will shorten the battery life.

- Do not expose the device in extreme heat or cold environment, which will shorten the battery life.

Disposal

Always dispose the used appliance at a recycling centre. Do not dispose the used appliance together with the household waste.

Note:

Due to 2.4G wave technology adoption, the connection can be subject to interference from obstacles, like walls, metals, or other electronic devices. Please keep the space between the keyboard and USB receiver free of obstacle.

In line with the policy of continued development, the manufacturer reserves the right to amend. The specifications without prior notification. The illustrations in the user manual are for reference only. Please operate according to the real design.
