Touchpad

This touchpad supports multi-finger functions.

(1) When a single finger click, on behalf of the left mouse function keys

(2) When two-finger click, on behalf of the right mouse function keys

(3) When double finger drag up and down, on behalf of the Rolling screen

(4) When a single finger sliding pointer can be controlled

Auto Sleep and Wake-up feature

The keyboard supports auto sleep and wake-up. Without operation around 3 minutes, the keyboard will enter sleep mode. In sleep status, all LED indicators are off. Pressing any key can wake it up.

Switching off the keyboard after use

After use, push the switch to the “OFF” position to turn it off. The USB receiver does not need to be pulled out from the terminal. You can use it next time directly.

Enabling the backlight (Optional)

The backlight led will automatically turn on for three seconds after having pressed the power switch to the on position. If enabling backlight function, the backlight led will light for one minute. In this minute, if having no key is pressed, the backlight led will turn off. After backlight led turned off, the backlight led will turn on again if you press any key again. Enable/disable the backlight led through pressing FN + esc.

Audio Feature (Optional)

Audio feature configuration is available for this device, This device includes a MIC. Under some systems, the audio feature requires manual configuration.

Charging the battery

The device uses built-in lithium-ion battery. Please use only approved data cables and chargers.

Note: Fully charge the unit before initial operation. This device can be used when charging, but charging time will be extended.

When the battery is low, the low-voltage light will blink to warn the user. The unit will be automatically turned off if the battery has been depleted.

Warning

- When charging finishes, pull out the charging cable.
- Never try to open or repair this product yourself.
- Keep this device away from fluids, such as water.

Maintenance

- Do not attempt to disassemble the device or replace the rechargeable battery. Doing so will void the warranty.
- The battery will discharge when it is stored for a long time without operation.
- Do not expose the device in extreme heat or cold environment, which will shorten the battery life.

Disposal

Always dispose the used appliance at a recycling centre. Do not dispose the used appliance

together with the household waste.

Note:

Due to 2.4G wave technology adoption, the connection can be subject to interference from obstacles, like walls, metals, or other electronic devices. Please keep the space between the keyboard and USB receiver free of obstacle.

In line with the policy of continued development, the manufacturer reserves the right to amend. The specifications without prior notification. The illustrations in the user manual are for reference only. Please operate according to the real design.
