Product Name: WS2811 12mm LED pixel

Features:

IC RGB module with WS2811
individually Control
Programmable & SD controller
DMX512 controllable
Madrix compatible
IP68 waterproof protection

Product Description:

- 1.TAIWAN Epistar F8 (14MIL)Full color triad led light
- 2.Wavelength:Red(625~630nm) Blue(470~473nm) Green(520~525nm)
- 3.Working voltage: DC5CV
4. The working current: 15mA±5%(R).17mA±5%(G).15mA±5%(B)
5. The wire diameter: 0.75mm² 6. The light Angle: 140° 7. Waterproof level: IP68

Technical Parameters:
